# VARIATIONS

ONE DOOR,  
MANY  
STYLES

The choice of door colour, hardware and glazing makes a massive difference to the appearance of your door.

A contemporary Slate Grey door can look completely in character with a period home by choosing a more ornate glazing along with more traditional handles, knocker and letterplate.

Conversely, the same door in Irish Oak takes on a more rustic appearance with Antique Black hardware and a leaded-effect glass design.

**Neutrals** ensure that your home remains timeless and grows with you over the years as your style and needs change.

**Grey's** versatility, and often chameleon-like qualities, makes it suitable for almost every style of home. From grey to black, their qualities can blend in well with most surroundings.

**Primaries** give strong, bold accents and are as comfortable on traditional doors as they are on contemporary. When you want a more prominent statement, the choice of strong colours help emphasise your door.

The new, expanded range gives you the ability to maintain privacy providing the optimum blend of form and function.

Whether it's for privacy, pure style or to allow more light into internal rooms, Pilkington Texture Glass gives you a stylish range of attractive options.

The advantages of **Pilkington Texture Glass** are easy to see too. Not only does it allow maximum light in, while maintaining your chosen level of privacy or obscuration, but it also makes an attractive, decorative feature itself. And that's why our textured glass is the most trusted in the market.
